Tasting

Deep red colour. In the nose, the wine is fruity with notes of under-wood. In the mouth, it is ample with a good tannic structure.

Serving conditions : Room temperature (19°)

Pairings : grilled meat, cheese

Origin

One of the 44 Crus Artisans in Medoc. This distinction corresponds to wines that come from small-size properties where the farmers participate in all the various works concerning the vineyard and the wine. Cissac is a village of the Medoc peninsula. The property is entirely confined to this village, and is 6 kilometers away from the Gironde, near from Saint-Estephe and Pauillac. The recently bought-up exploitation (November 2006) is traditionally managed; the sanitary treatments, the weeding and the manure are done according to the plant's needs and from the permanent observation in order to reduce interventions.
